PROFESSIONAL SUMMARY

WordPress Frontend Developer with 2+ years of experience building and customizing dynamic, responsive WordPress websites using Elementor, WooCommerce, and Advanced Custom Fields (ACF). Skilled in theme customization, plugin integration (including booking and e-commerce), and delivering pixel-perfect, conversion-focused websites for real business clients. I also bring a strong foundation in React.js and modern JavaScript (ES6+), giving me the flexibility to work across both WordPress-based websites and custom React web applications.

SKILLS

- **CMS & Website Development:** WordPress (Custom Theme Development & Frontend Implementation)
- **WooCommerce:** WooCommerce (Store Frontend Setup & Customization)
- **Elementor:** (Expert Level — Custom Page Layouts)
- **Advanced Custom Fields (ACF):** Integration, Booking Plugin Integration
- **Languages:** JavaScript (ES6+), HTML5, CSS3, Pure CSS (Animations & Layouts)
- **Frameworks & Libraries:** React.js, Redux Toolkit, Context API, Bootstrap, Tailwind CSS
- **WordPress Core Concepts:** Custom Post Types, Hooks (Actions & Filters), WP_Query, Template Hierarchy

EXPERIENCE

Frontend / UI Developer — Arez Tech Global

July 2026 – Present

Karachi, Pakistan

- **UI System & Layout Management:** Developed and structured production-ready user interfaces using global styling systems, visual hierarchies, and professional layout standards.
- **Design-to-Web Fidelity:** Transformed complex UI/UX wireframes and Figma prototypes into responsive, pixel-perfect, and fully interactive web pages.
- **Responsive Layout Engineering:** Established advanced grid layouts and custom style rules to ensure seamless user experiences across all screen sizes and devices.
- **Performance Optimization:** Optimized frontend assets, site structures, and page-loading mechanisms to maximize cross-device compatibility and rendering speed.

Frontend Developer (Remote Contract)

March 2025 – April 2026

Collaborating with Senior Developer

- Translated Figma designs into pixel-perfect, responsive React interfaces with strict attention to detail and cross-device compatibility.
- Built modular, reusable, and accessible components following engineering best practices and modern UI/UX standards.
- Implemented advanced state management patterns using Redux Toolkit to handle complex application states and asynchronous workflows.
- **Mobile-First Optimization:** Focused on mobile-first responsiveness and cross-browser testing to deliver seamless rendering across mobile, tablet, and desktop screens.
- Actively explored Next.js for routing and data fetching to build modern, production-ready React applications.

Frontend Developer — TABSAP

July 2024 – February 2025

Buner, KPK, Pakistan

- Engineered and maintained production-grade React.js applications with a strong focus on component reusability, modular architecture, and long-term maintainability.
- Implemented complex user flows using React Router, nested components, and optimized state management with Redux Toolkit.
- Integrated multiple RESTful APIs, handling authentication, dynamic data rendering, error handling, and UI state synchronization.
- Built scalable UI components and shared libraries to standardize design systems and accelerate development across features.
- Optimized application performance through efficient rendering, memoization, and code-splitting techniques to improve load time and responsiveness.

PROJECTS

Odheyati—E-Commerce Qurbani Platform

odheyati.com

Tech:React.js, Express.js,Node.js,MongoDB

- Full-stack e-commerce platform enabling online ordering, live payment processing workflows, and comprehensive delivery management interfaces.

<https://humanelement.coach/>

Human Element – Executive Coaching Platform

Tech:Wordpress, Elementor

- Developed a premium corporate landing page and coaching platform designed to showcase executive leadership and Enneagram assessment programs

Wasera.pk — E-Commerce WordPress Website

<https://wasera.pk/>

Tech:WordPress, WooCommerce, Elementor

- Built a scalable inventory management platform engineered with optimized state orchestration, real-time data workflows, and performance-focused UI architecture.

<https://hayatullahkhanfazli.com/>

Hayatullah Khan Fazli – Dry Fruits E-Commerce Store

Tech:Wordpress, WooCommerce

- Developed a high-performance e-commerce platform specializing in organic dry fruits with dynamic product listings and clean user interfaces

tabsap.com

Corporate Website Development

Tech:WordPress, Elementor, HTML5, CSS3, JavaScript, Responsive Design

Developed Tabsap's official company website using WordPress and Elementor, delivering a fully responsive design with optimized performance and cross-device compatibility.

EDUCATION

- FSC (HSSC), Govt Degree College | Jowar, Buner, Pakistan
- Matric (SSC), Ibn-E-Zubair Public School | Jowar, Buner, Pakistan

LANGUAGES

- English — Fluent, Professional Working Proficiency
- Urdu — Native
- Pashto — Native

CERTIFICATIONS

- Front-End Development — TABSAP (verified certificates available upon request)
